

# IPA Booster Opportunities

## Help support the egg and poultry industries of Iowa!

The Iowa Poultry Association is committed to standing up for our industries and teaching the public the truth. We strive to be your voice in helping your business grow. One of the most important ways we can help you is by serving as your voice to the government and consumers. Together, we can accomplish things that might not be possible as individuals.

It is only with increased resources that the IPA will be able to expand our efforts. The issues we face are increasingly complex and we need to participate in sophisticated legal organizations and scientific partnerships. If we are to remain an effective

organization, we simply must be able to compete at these higher levels.

However, time and talent require investment. By signing up as an "IPA Booster", your investment will help us continue to have a voice in representing the poultry and egg industries in an ever-changing environment.

**Please help us stand together. Sign up today!**

See the Fall Festival Registration form or visit <https://ipa.memberclicks.net/> for more information.
