Customer Testimonials:

“We were using a system designed by a competitor of Sunbelt Rentals. Sunbelt redesigned the system to make it more effective and efficient. We saved more than \$650,000 within the first year! If you are using someone other than Sunbelt Rentals, you should ask them to review your system.”

- *Complex Purchasing for one of the largest US poultry processors*

“The Sunbelt Rentals team reacted quickly to help us resolve an icing issue that had caused two reportable accidents on our dock. They surveyed the area, developed a solution and had a proposal back to us within the day, allowing us to install the equipment the following weekend.”

- *Complex Manager of a large poultry processing and packaging company*

“We had an issue with make-up air in second processing. The Sunbelt Rentals team assessed the situation and developed a solution. He explained how he arrived at the solution, in detail. We moved forward with the system and haven’t had an issue since.”

- *Maintenance Manager for an industry leading protein company*

**WE SAVED
MORE THAN
\$650,000
WITHIN THE
FIRST YEAR!**

Industry Investment:

Sunbelt Rentals supports the protein industry through memberships in various state and regional organizations. Sunbelt is an active member of these organizations and continuously seeks ways to promote the longevity of the industry through scholarship fundraising and other activities.
